UTILITY BILL AUTOMATION SERVICE PROCESS FLOW

Preparation:

- ▶ You tell us what electric, natural gas, water and sewer accounts you wish to automate
- ▶ You enable us to access your vendor's website so that we can view each bill

- ▶ We import the extracted bills into your UtilityDirect solution
- ▶ We perform quality checks on the imported bill data
- ▶ We schedule recurring bill extractions and imports

Automation Implementation:

- ▶ We update our extraction tools to allow us to retrieve your bill data
- ▶ We extract the current month's bill data and check it for completeness

Monthly Imports:

- ▶ As bills become available on your vendor's website, we will automatically import them into your UtilityDirect solution
- ▶ You will be notified of changes that occur that affects the data we extract, such as meter number changes
