

WHIPPLEHILL INTEGRATION

WhippleHill and SchoolDude Partnership

Experience seamless facilities scheduling with integration of the WhippleHill calendar integration solution and the SchoolDude facility use (FSDirect) software.

ConnectSchedules-WhippleHill is a calendar integration solution that allows FSDirect events to sync with the WhippleHill calendar, streamlining your facility scheduling by eliminating double entry. The integration allows you to select which events belong on specific calendars, or gives you the ability to publish events to all calendars.

WhippleHill is a calendaring solution that allows private k-12 schools to post events to specific calendars in order to keep their students, staff, and parents informed of events and school functions. FSDirect is a facility management solution that will help the facilities department manage their rentable spaces, avoid conflicts, and make sure any services needed for events are communicated to the appropriate person.

Staff can also use WhippleHill's event form to request spaces, and it will sync to the FSDirect application for approval, as well as enter events in WhippleHill's Podium, which will then transfer into FSDirect as a new request.

It is as easy as 1, 2, 3!

1. Users enter schedule requests into FSDirect.
2. The schedule request goes through the established approval process and is given final approval.
3. The integration syncs the Approved Active schedules and events on to the WhippleHill calendar(s) of your choice.

The screenshot displays the SchoolDude Community Campus interface. At the top, there's a user account section for 'My Account(59992719) SchoolDude' with a 'Logout' button. Below this is a navigation menu with 'Home', 'Calendar', 'Availability', 'New Schedule', 'Documents', and 'Account Setup'. A search bar is present with 'Advanced Search' and 'Services | Help' links. The main content area is divided into several sections: 'What's New?' with a 'PREVENTIVE MAINTENANCE PROGRAM' announcement, 'Waiting Your Approval' and 'Waiting to be Invoiced' status sections, 'SPECIAL NOTICE' regarding Labor Day, and 'Upcoming Events'. The central focus is the 'Integration Academy' calendar for August 2014, showing a grid of events with details like 'OTSA Office' and 'Review Practice'. A sidebar on the right shows 'Schedules' and 'Events' counts.

SCHOOLDUDE & WHIPPLEHILL

SCHOOLDUDE SOLUTIONS

FSDirect - online facility usage solution that manages educational facility usage requests from the school and community and simplifies the scheduling process.

- ▶ Centralize scheduling of spaces for all athletic, internal, and community events
- ▶ Display games, practices and field use in a centralized calendar to improve event coordination between departments
- ▶ Save \$20 per event in efficiency gains by automating facility scheduling processes
- ▶ Maximize athletic, internal and community use of facilities
- ▶ Increase transparency into availability and use of space with public events calendar view (through integration with SchoolDude's CommunityUse solution)

ABOUT WHIPPLEHILL

WhippleHill understands the opportunities and challenges that private schools face in today's educational world. The highly personalized and individuated campus experience must be present on the Web and beyond - from the first contact with a prospective student to the ongoing relationships with alums and donors. WhippleHill makes it simple for schools to manage and convey information of all types, and create online interactions that are easy, effective, convenient, and fun.

Forward-thinking. Smart. In the know. These are words they use to describe their private school clients. While each one is different, all place a premium on enhancing online interaction and communication because it's just as important to have positive experiences online as it is to have positive experiences on campus. WhippleHill listens to their schools to find out how they use their products, how their schools are changing, and what they really need. With that knowledge they have enhanced and built the software that is redefining the way school communities interact online, and today bring the most forward-thinking user experience to the K-12 private school market.
