

SCHOOLDUDE®

Cloud Software for Educational Operations Management

MAINTENANCE MANAGEMENT

MAINTENANCE ESSENTIALS PRO™

A corrective and preventive work management solution that simplifies the work order process from request to completion. MaintenanceEssentials Pro empowers your team with industry leading tools from mobile applications to KPI benchmarking to ensure your team's success.

FACILITY USAGE

EVENT ESSENTIALS PRO™

A facility usage and integrated calendar solution that manages event requests from the school and outside community. EventEssentials Pro simplifies the request and scheduling process, invoicing, payment, risk assessment, and helps you recoup the operational cost of events.

ENERGY MANAGEMENT

UTILITY ESSENTIALS™

An energy management solution integrated with ENERGY STAR® that tracks, audits and analyzes utility consumption and costs to identify savings opportunities. Coupled with a strong conservation program, UtilityEssentials makes it easy for your school to save money on rising energy costs.

TECHNOLOGY MANAGEMENT

IT DIRECT™

An IT help desk management solution that streamlines the entire technology workflow process from support request to resolution. An efficient IT help desk ticket system is the first step in maintaining a high level of customer service and justifying staff and budgets.

SAFETY MANAGEMENT

CRISIS MANAGER™

A mobile safety platform designed to help ensure emergency plans and safety procedures are immediately and readily available to faculty and staff via their mobile devices at all times. CrisisManager gets safety plans out of binders and on the one device people are never without.

INVENTORY DIRECT™

An inventory management solution that tracks all inventory transactions and streamlines the process of requesting, ordering, and tracking supplies and tools and allocating budgets to upcoming work requests.

FS AUTOMATION™

A solution that integrates to share data with your building automation system (BAS). Automatically schedule your systems, such as HVAC and lighting, to coordinate with facility supplies to upcoming work requests.

ITAM DIRECT™

An IT asset management solution that streamlines all aspects of IT administration, including asset discovery, monitoring, inventory, and auditing of hardware assets and software licenses.

CAPITAL FORECAST DIRECT™

A capital forecasting solution used to plan facility needs - essential to ensuring that your facilities and maintenance budgets are met every year.

TRIP DIRECT™

A field trip planning and management solution that streamlines the educational trip workflow process, including requests, driver and vehicle scheduling, budget, mileage, and wages.

CRITICAL ALARM AUTOMATION™

A building automation alarm solution that allows you to tackle problems before they become emergencies, automatically filter 'nuisance' alarms, generate work orders and escalate critical alarms to appropriate personnel.

SCHOOLDUDE SUBSCRIPTION BENEFITS

MYSCHOOL BUILDING™

A free, single-page requester portal where faculty and staff can submit maintenance, IT, facility use, field trip, and inventory requests. End-users can view their requests and receive email notifications for improved customer satisfaction, better communication, and increased efficiency.

SCHOOLDUDE COMMUNITY™

A Community of 1 Million educational professionals that facilitates the sharing of best practices and professional development. Want to know how your school is doing? Compare your school to other peers using Key Performance Indicators (KPIs) and receive prescriptive tips for improvement.

SchoolDude offers cloud-based solutions to streamline all areas of your operations – maintenance management, energy management, facility usage, technology management and safety management. SchoolDude's solutions automate the work order process, monitor inventory usage, schedule preventive maintenance, simplify facility usage scheduling and track technology assets. Many of our solutions integrate to provide a global-view of your organization's operations and improve communication with all departments, faculty, and students at your educational institution.

THE TOP 10 SCHOOLDUDE ADVANTAGES

1.

The best run schools are using SchoolDude.

More than 6,000 public and private schools, colleges, and universities have selected SchoolDude.

2.

Save time and money.

SchoolDude removes the hassle of dealing with servers, strained IT resources, and maintenance fees. Our clients save an average of 70-80% over 5 years compared to other systems.

3.

It's the future.

SchoolDude is the #1 solution in educational enterprise asset management. Expensive, time-consuming client server solutions cannot compete with our Cloud-Based model. Schools move at a fast pace. You need the technology that can move with you.

4.

Get fast ROI.

SchoolDude can be accessed 24x7, from anywhere there is internet access. Our Clients report that this saves 30 minutes to 1 hour per work order cycle. Multiply that by your hourly wage and you'll likely see a cost savings in excess of 10x the SchoolDude subscription cost.

5.

Improve customer service.

SchoolDude's cloud-based platform simplifies customer communication. SchoolDude's solutions automatically notify end-users about the status of their request.

6.

It's risk-free.

SchoolDude provides a money back guarantee. We are that confident you will like our services.

7.

Fast start-up.

Getting started with SchoolDude is quick and easy! 40% of our clients "go live" within 2 weeks and 80% are fully implemented and achieving results in the first 3 months of ownership.

8.

Built for your unique needs.

SchoolDude's solutions were designed to serve the unique needs of educational institutions.

9.

Cover your assets.

Go beyond a basic computerized maintenance management system (CMMS) solution. SchoolDude can also help you meet other physical plant requirements like energy tracking and analysis, capital planning, BAS integration, and more!

10.

It's easier and just more FUN!

Just ask a fellow Dude...they'll tell you!
